

WEST VINCENT TOWNSHIP  
OPEN SPACE ADVISORY COMMITTEE

ANNUAL REPORT 2016

After a number of years of inactivity, the Committee was reinstated in June 2016. Members of the Committee were Katie Weidner, Ben James, Bill Dietrich, Don Cook, and David Brown.

The Committee revised the property evaluation form used by committees in other years. With the help of the Township Manager and Secretary the Committee determined which properties previously under consideration were still available and subject to further review.

The Committee visited fifteen sites for possible land preservation by the Township, and evaluated the sites under the criteria and with the forms developed. With the approval of the Township Solicitor, the Committee's deliberations about individual properties were conducted in executive session.

The Committee then prepared to present a recommendation of the Sixteen Years LLC property to the Board of Supervisors, which will be the subject of the Committee's 2017 report.
